

MCAS Setup Guide for parents - App

1.Download the MCAS app

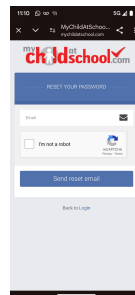

2. On the home screen click forgotten password

3. Put in your email address and click send reset email.

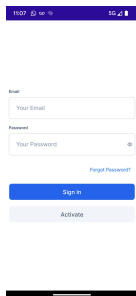

As long as your email address matches what we have on file you will get an email with a link on to “Reset” your password.

4. Go to your email, click on the “click here” link in blue to change your password. Your password must be at least 8 digits including at least 1 lowercase and 1 capital letter, a number and a special character such as ! or ?

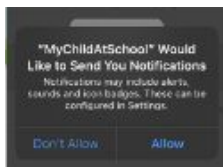

Click here

5. Once the password is reset you can then go back to the log in screen and put your new details in.

Click Log in

6. Make sure when you are prompted you click “Allow notifications”

7. Create a 5 digit pin to log onto the app then you will not need to enter your password each time.

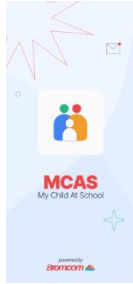

8. This is the home screen:
